			action plan and timeline.
Brief Review of Stat Visit Recommendations/Exciting New Development	A brief review of the STAT recommendations was discussed. One key recommendation of the visit was the development of a new division for injury and violence prevention.	Dr. Joan Duwve announced that, as of this morning, the position for a director of injury prevention at ISDH had been approved. The job description is still being finalized and the position is not yet posted.	Contact Dr. Duwve for more information about this position if you, or anyone you know, is interested!
Child Home Visitation Project	Mary Weber, Director of the MCH (Maternal Child Health) Division at ISDH provided an overview of the Child Home Visitation Project that is funded by the Affordable Health Care Act at the federal level. This project will be co-lead by ISDH and DCS (Department of Child Services). This project lead person will play an integral role for injury prevention	ISDH and DCS are waiting on the release of the final federal guidelines which are to be released soon.	SEE ATTACHED PDF of Needs Assessment sent by Mary Weber.

	<p>and will be involved if we obtain funding for the CDC Core Violence and Injury Prevention grant. This grant will target at risk communities to: improve perinatal outcomes, increase school readiness, decrease crime, decrease child maltreatment, and decrease domestic violence. An extensive needs assessment has been conducted with detailed analysis occurring. There will probably be some pilot programs (such as the Nurse-Parent Partnership model) implemented as part of the five year grant.</p>		
<p>CDC Core Violence and Injury Prevention Program Grant</p>	<ul style="list-style-type: none"> • An overview of the grant was presented by Dr. Duwve. The purpose of the grant is to “assist State Health Departments to build and/or maintain effective delivery systems for dissemination, implementation and 	<ul style="list-style-type: none"> • ISDH will submit a letter on intent for the base grant as well as the injury surveillance quality improvement expanded component. • Minor revisions will be made to update the 2005 state plan with further work to occur over the next 1-2 years. • Dawn Daniels, Tracie Pettit, Kathy Wallace will meet with Jon Lewis and any other interested parties to discuss the injury surveillance quality improvement component. 	<ul style="list-style-type: none"> • Group to review the current state plan and send feedback to Dr.

	<p>evaluation of best practice programs and policies”. All groups can go for the base grant (max year 1 award \$250,000) and may choose to go for one of four other additional grants. However, the health department must be funded for the base grant in order to be considered for the other grants. A lively discussion occurred by the group as to which grants to apply for.</p> <ul style="list-style-type: none"> • Requirements for Grant: Requirements for the grant were discussed. Of particular concern was the requirement that the state have a current injury and prevention state plan. The group reviewed a draft plan that was developed in 2005 and discussed the feasibility of adapting the plan as a 	<ul style="list-style-type: none"> • Dr. Duwve will check with other divisions within ISDH as well as other state agencies on current state plans to address issues that overlap with the 2005 injury prevention draft plan. • Nena Ray, Mary Raley, and Vickie Meyer will work on updating the Falls section of the state plan. • Links to state plans that may be helpful to review are: Washington (http://www.doh.wa.gov/hsqa/emstrauma/injury/pubs/icpg/default.htm) ; Arizona (http://www.azdhs.gov/phs/owch/pdf/injury_plan_06-10.pdf) <p>And Florida: http://www.doh.state.fl.us/DEMO/InjuryPrevention/PDF/IPstrategicplan.pdf</p> <p>http://www.doh.state.fl.us/DEMO/InjuryPrevention/PDF/09-13StrategicPlan.pdf</p> <p>Both Washington and Florida are excellent models. Attached to the minutes is the Arkansas plan which also has some nice features.</p>	<p>Duwve and Dawn Daniels by December 8.</p> <ul style="list-style-type: none"> • Dawn will send out a meeting request for the injury surveillance quality improvement subgroup. • Dr. Duwve to check with other divisions re: current

			by December 8.
Update on E-Codes	Dawn presented a summary of the work related to e-code reporting that has been occurring. IHA has been working to improve coding with coders throughout the state. The summary of findings that Dawn and Jodi Hackworth have uncovered were also presented. There are numerous areas within flow of data from patient to ISDH where issues can occur. Further work will be occurring to improve this issue.		
2011 Meetings	March 17, 2011 10 am-12 pm June 23, 2011 10 am-12 pm Sept 15, 2011 10 am-12 pm Nov 17, 2011 10 am-12 pm Location TBA.	Please note: As the committee and roles expands, there may be time added at the beginning or end of the meeting for subcommittee's to meet. It is also feasible that subcommittee's may choose to meet at other times that fit the schedules of those involved.	

PLEASE NOTE: In an effort to be environmentally and fiscally responsible, we will be utilizing electronic copies as much as possible. We will only be providing a few copies of the agenda and minutes at each meeting. Please bring any “paper” copies of attachments/reports/etc with you to the meeting.
